

KAUAI BOYS SCORE IN TRACK EVENTS

Manuel B. Fernandez, son of M. B. Fernandez, of Kapaa, took the final heat in the 50-yards dash of the A. A. U. track meet at Honolulu on March 13, winning from the champions, C. Melim and Mills. Manuel is a brother of John B. Fernandez, who tied the Island's and world's record for 50 yards of 5 1-5 seconds. Manuel made it in 5 2-5 seconds, thus tying the A. A. U. record.

In the broad jump the same day the Kauai lad won first prize, jumping 20 feet, 1 1/4 inches. His brother, Frank, the smallest lad competing, who is only 15, came in third, 18 feet, 4 1/2 inches, losing second place by only 1 foot 3/4 inches.

The Fernandez boys are attending the St. Louis College.

TREASURER WILL AUDIT AUDITOR

Under the terms of a bill introduced in the Senate on March 10 by Senator D. K. Baker, of Hawaii, the Territorial treasurer is to have the responsibility of auditing the books, etc., of the Territorial auditor. The Section of Senate Bill 32 making that provision reads as follows:

"Section 1153 A OTHER DUTIES. The Treasurer shall, at least quarterly, make an examination and audit of the books, vouchers, accounts and records of the Territorial Auditor, and shall file a report of each such examination and audit with the Governor and Attorney General of the Territory."

The same Senator followed up his bill with No. 33, which seeks to transfer the auditing of city and county and county books from the treasurer, bank examiner and deputy bank examiner to the Territorial auditor. The main section of that bill reads as follows:

Section 1. The General supervision, charge and control of the auditing of county and city and county books is hereby transferred from the Treasurer of the Territory and the Bank Examiner and Deputy Bank Examiner, to the Auditor of the Territory, and he, the Deputy Auditor, or the Agent of the Auditor appointed to make such audit is hereby charged with the execution of the powers and duties relative thereto which are conferred and imposed upon said Treasurer, Bank Examiner and Deputy Bank Examiner by Sections 1199 to 1205 inclusive, of the Revised Laws of Hawaii, 1915.

\$500 Per. Fight

Such little pastimes as smashing the nose of your enemy, planting a foot on his neck, etc., will be rather expensive in the future if a bill fathered by Senator J. L. Coke becomes law. In the old law the fine for assault and battery run up to \$100. The Coke law reads as follows:

"Sec. 3883. Slight corporal injuries. Whoever inflicts a slight corporal injury upon another, as by striking him with his fist, spitting in his face, inciting and causing a dog to bite him, or any injury of a like gravity, however slight, is guilty of an assault and battery, and shall be punished by a fine of not more than five hundred dollars, or by imprisonment at hard labor not more than one year, in the discretion of the court."

More Ladies

Senator H. P. Penhallow has introduced in the Legislature a bill to amend the law relating to Commissioners of Education to the end that there may be three, in place of two, lady members of the Commission.

WATER EXPERTS TO INVESTIGATE

George K. Larrison, district engineer of the United States Geological Survey in Hawaii, came over in the Kinau Wednesday morning, accompanied by W. V. Hardy, of the same service, who was located in Waimea until a year ago when he went to California to work on the big San Francisco water project. Both of the gentlemen have been actively engaged in investigations in the mountain regions near Lihue.

Mr. Larrison states that the rainfall on Mt. Waialeale broke all Islands records last year, reaching about 600 inches. The next highest showing was at a Hawaii point, which recorded a total of about 450 inches.

When last in Lihue, a few months ago, Mr. Larrison delivered an illustrated lecture on the water resources of the Islands, which was well attended and much enjoyed. He is considering the idea of a system of such lectures for the future, the object being to instruct and interest the public in the work of the department.

Illustrated Lectures

Mr. R. J. Baker, of Honolulu, will give two illustrated talks in the Lihue Social Hall, Friday, March 26. At 3 p. m. of that day he will show historical pictures of the United States. This talk will be especially for the children of the schools in the district. In the evening at 8 o'clock he will show pictures of California. This talk will be before the Mokihana members and their friends. All children are cordially invited in the afternoon. All who are interested are invited to the evening talk. There will be no admission charged.

Saturday Drinking

Senator Stephen L. Desha has introduced in the Senate Bill 50, which, if enacted into law, will close retail saloons between the hours of 3 and 7 p. m. on Saturdays. The measure is plainly intended for the protection of laborers, giving them a chance to get to their homes on pay days before the saloons have scooped in all of their money. It affects only Honolulu and the other islands, Kauai having no retail saloons, or barrooms.

Kuhio Coming Home

Delegate Kuhio and wife will arrive at Honolulu a week from today, they having left Washington just after the adjournment of the session, planning to spend several days, however, at the Exposition in San Francisco.

The Congressional party numbering about 138 people, will arrive in May.

Dainties Return Home

The Francis Dainty Company closed their engagement in Hale Hooni, Lihue, Friday evening and returned to Honolulu Saturday night, cutting out the entertainment scheduled for Kapaa. Coming on the heels of other shows, and repeatedly running afoul of counter attractions, the company did not have a very successful tour from a financial standpoint.

Returns To California

Mrs. Wm. Waterhouse, of Pasadena, mother of Dr. A. H. Waterhouse, of Koloa, and sister of Hon. W. O. Smith, left Saturday night for Honolulu and for her California home. She had been visiting for several months with her son at Koloa.

T. B. Walker, the well known contractor mason of Honolulu, came over in the Kinau Wednesday, with Albert Horner and son, to work on the new cannery at Kapaa.

PAPERS ON EARLY HISTORY OF KOLOA

The Kauai Historical Society held a meeting last Friday evening at the old Smith homestead in Koloa, now the home of Mr. J. K. Farley. There were something over fifty present.

Easily the main feature of the evening was a paper of reminiscences presented by Hon. W. O. Smith, of Honolulu, who came over from the city for the purpose of reading it. Mr. Smith told a great many anecdotes during and after the reading of his paper, serving to illustrate various points brought out.

Another very interesting paper, also on the early history of Koloa, from the pen of Rev. J. M. Lydgate, was read by Mrs. Lydgate, the former not being able to be present.

It is hoped that both of these papers may be presented in THE GARDEN ISLAND probably beginning with next week's issue.

Many of the Kamaainas present took part in the discussion and related stories connected with the history of Koloa and people of its earlier days.

ANOTHER FREAK MEASURE APPEARS

If a bill introduced by Senator Makekani in the upper house on March 10 becomes law, all government beneficiaries, employees, etc., receiving \$75 or less per month will be exempt from garnishment. The main parts of the bill are as follows:

Section 1. All government beneficiaries mentioned in Chapter 158 of the Revised Laws of Hawaii of 1915 and amendments thereto who shall receive a total salary stipend, wages, annuity or pension of an amount equal to Seventy-five Dollars per month or less shall have the whole of such salary, stipend, wages, annuity or pension exempt from any garnishment or other attachment proceeding commenced after this Act shall take effect.

Section 2. All persons who are in the receipt of any salary, stipend, wages, annuity or pension which shall equal the amount of Seventy-five Dollars or less shall have the whole of such salary, stipend, wages, annuity or pension exempt from garnishment or other attachment proceedings after this Act shall take effect.

UNDERWOOD AND SUGAR.

The following from the Washington Post will come as a surprise to many in the Islands who had supposed all along that Mr. Underwood was a leader of the free sugar forces:

The administration has had no more loyal supporters than Speaker Clark and Mr. Underwood. Their advice frequently has gone unheeded, especially so in the repealing of the exemption clause of the Panama Canal act and the drastic character of tariff legislation, but they have shown themselves to be good soldiers. The tributes paid to them were a recognition of the wisdom of their leadership.

If the advice of these two men, who have labored long for the Democratic party, had always been followed there would be less fear in the ranks of their party with regard to the future. The provision for free sugar would never have been written into the tariff law if Mr. Underwood's suggestion had been followed, and the party would not now be facing a loss of \$45,000,000 in revenue and the defection of the State of Louisiana.

Deputy Attorney-General Leslie P. Scott, who came up last week to act as adviser to the Grand Jury, will remain over until the jury completes its work.
